1. Overview

1.1 Requests for Proposals

The Vermont Department of Corrections (DOC), Program Services is seeking proposals which will deliver risk reduction services to moderate to high risk offenders. Risk reduction services include the facilitation of manualized curriculum, further assessment in the areas of substance abuse, cognitive ability and participation in program teams. Proposals may be submitted by interested individuals and/or organizations. Anticipated contract period will be August 1, 2015 through July 31, 2017, with option to renew for two consecutive one year periods. The option to renew will be based upon performance of contractor and continued funding.

1.2 Background and Need Statement

VT DOC provides risk of recidivism reduction interventions to offenders assessed as having a moderate to high risk of committing additional offenses. In 2013 – 2014, VT DOC began transitioning its intervention model from an offense based system to risk based system and offering several curriculum within risk reduction services to address areas correlated with the offenders risk of recidivism.

The risk reduction programs are offered in three month phases in both the facilities and the community sites. Offenders participate in programming to address both their overall level of risk of recidivism and their specific needs correlated with that risk.

Each site and/or region is assigned a contracted Risk Reduction Coordinator who will assure that curriculum is being delivered as designed; provide consistent feedback regarding the fidelity to the model and curriculum according to the competency model adapted by the VT DOC from the Addiction Technology Transfer Center.

Curriculum is manualized and skill based. Interventionists are expected to be able to deliver several curriculums. VT DOC will support training in the curriculum, as needed. The program is delivered at the DOC site and during DOC designated programming schedules, including early evening. Group size will range between eight and twelve participants. Majority of groups are facilitated by a single facilitator.

Risk Reduction Services are organized by region. The Southwest Region includes probation and parole sites in Addison, Rutland and Bennington Probation and Parole. The services will be delivered to both male and female offenders in gender specific groups.

2. Scope of Work

VT DOC has identified the scope of work based upon the site and regional capacity needs. The number of anticipated interventionists is based upon the need of Full Time Equivalents (FTE), which equates to a forty hour per week role. It is anticipated that interventionists will average approximately 70% of their scheduled time providing direct group services. All interventionists are expected to complete VT DOC identified documentation after each intervention in the manner directed by VT DOC.

Interventionists must be able to work with an offender population, predominantly males. Interventionists must be able and willing to deliver manualized curriculum in a group format.

VT DOC also identifies the need for a master level prepared clinician to conduct additional assessment, provide clinical intervention, both in group and individually as requested.

VT DOC is recruiting for approximately 40 hours of facilitation for each of the three field sites Risk Reduction Program and one 20 hour position which may float between sites. Two (2) of these interventionists will require a minimum of a master's degree in a clinical discipline and should have certification/licensure for substance abuse and/or mental health.

3. General Provisions

3.1 Contract Terms

The selected contractor will sign a contract with the DOC to carry out the specifications and provide the activities detailed in the proposal. Terms and conditions from this RFP and contractor's response will become part of the contract. This contract will be subject to review throughout its entire term. The DOC will consider cancellation upon discovery that a contractor is in violation of any portion of the agreement, including an inability by the contractor to provide the products, support and/or service offered in their response.

3.2 Contract Award

The DOC may award one or more contracts and reserves the right to make additional awards to the same vendor or other vendors who submitted proposals at any time during the first year of the contract if such award is deemed to be in the best interest of the DOC.

3.3 Ownership of Work Product and Intellectual Capital

Except for proprietary or commercial software, the DOC will have all ownership rights to the documentation designed, developed, and/or utilized for this contract. All data, technical information, materials gathered, originated, developed, prepared, used or obtained in the performance of the contract, including, but not limited to, all reports, surveys, plans, charts, literature, brochures, mailings, recordings (video and/or audio), pictures, drawings, analyses, graphic representations, notes and memoranda, and, written procedures and documents, regardless of the state of completion, which are custom developed and/or are the result of the services required under this contract, shall be and remain the property of the DOC and shall be delivered to the DOC upon 30 days notice by the DOC. A vendor shall not sell a work product or deliverable produced under a contract awarded as a result of bids without explicit permission from the DOC.

3.4 Penalties and/or Retainage

VT DOC may negotiate retainage of a percentage of negotiated payment based upon contractor failure to deliver negotiated services as agreed (i.e. Contractor cancellation of multiple groups and/or failure to meet satisfactory audit standards for documentation and/or fidelity over two or more consecutive audit periods).

3.5 Subcontractors

Any subcontractors hired by the primary contractor must adhere to the same standards and contract provisions applicable to the primary contractor. The primary contractor retains overall responsibility for contract performance. The primary contractor must advise the DOC of intent to hire a subcontractor and provide the name of company, name of president/owner and location of company. The DOC reserves the right to reject the hiring of subcontractor during the term of contract.

3.6 Invoicing

All invoices are to be submitted by the Contractor on the Contractor's standard invoice. The invoice must include the following: a signed signature, name and address for remittance of payment by the state, the contract number, date of performance and a brief description of the service or product provided.

3.7 Contractor Performance Guidance

All bidders will be held to specific performance review criteria over the life of the contract to ensure that project deliverables as outlined in the RFP and attested to in the Scope of Work are being met. Review of project deliverables will occur at intervals agreed upon by both the State and the Contractor and designated in the contract.

VTDOC has adapted competencies for these positions from the Addiction Technology Transfer Center. Performance evaluations will be determined by using these competencies as an objective basis.

All proposals from individuals and/or organizations will be expected to ensure program deliverables which will include:

1. Consistent delivery of the identified curricula to the offender population
2. Adherence to the risk need responsivity model
3. Demonstration of core correctional risk reduction competencies through the direct observation and feedback model
4. Adherence to the identified program schedule
5. Respectful participation in risk reduction program team meetings not less than weekly

3.8 Contractor Staffing

Key staff member(s) must be assigned to this contract for the full duration proposed. None of the key staff member(s) may be reassigned or otherwise removed early from this project without explicit written permission of the DOC.

The Contractor must identify staff member(s) who will remain on this project until completion, unless indicated otherwise in the Contractor's proposal. The Contractor may propose other staff members as "key" if desired. The Contractor will make every reasonable effort to ensure that the early removal of a key staff member has no adverse impact on the successful completion of this project.

3.9 Key Contractor Responsibilities

The selected Contractor must assume primary responsibility for the implementation of the contract specifications and activities.

3.9.1 The Contractor will successfully implement the plan to accomplish the
